This screenshot shows the Kaggle dataset page for 'Countries of the World' by Fernando Lasso. The dataset is described as 'Country names linked to region, population, area size, GDP, mortality and more'. It has a Usability score of 8.2 and is licensed under CC0: Public Domain. The tags include 'social science, categorical data, global'. The page features a sidebar with navigation options like Home, Competitions, Datasets, Code, Discussions, Courses, and More. The main content area includes a search bar, a dataset card with a world map icon, and a download button for 38 KB.

This screenshot shows the Kaggle dataset page for 'Global Causes of Mortality' by Michael Pawlus. The dataset is described as 'Global Causes of Mortality'. It has a Usability score of 4.7 and is licensed under CC BY-SA 4.0. The tags include 'No tags yet'. The page features a sidebar with navigation options like Home, Competitions, Datasets, Code, Discussions, Courses, and More. The main content area includes a search bar, a dataset card with a colorful geometric pattern, and a download button for 2 MB.

This screenshot shows the Kaggle dataset page for 'Human Development Index' by tjysdsg. The dataset is described as 'Human Development Index (HDI)'. It has a Usability score of 7.6 and is licensed under CC BY-SA 4.0. The tags include 'business, computer science'. The page features a sidebar with navigation options like Home, Competitions, Datasets, Code, Discussions, Courses, and More. The main content area includes a search bar, a dataset card with a green background, and a download button for 41 KB.

This screenshot shows the UNICEF Data Warehouse interface. The header includes the UNICEF logo and the tagline 'for every child'. Below the header, there are navigation tabs for 'DATA BY TOPIC AND COUNTRY', 'RESOURCES', 'SDGs', 'QUERY DATA', and 'BLOG'. The main content area is titled 'UNICEF Data Warehouse' and features a 'Cross-sector indicators' section with a 'Unit of measure: %' and a 'Time period' selector. The interface is designed for data exploration and analysis, with a focus on child development and well-being.

This screenshot shows the UNICEF Data Warehouse interface with a table of data. The table has columns for 'Geographic', 'Indicator', and 'Value'. The data is organized by 'Time period' and 'Unit of measure: %'. The interface includes a search bar, a 'Show latest data only' checkbox, and a 'Download' button. The table displays data for various indicators across different time periods, providing a comprehensive view of the data available in the warehouse.
